Outreach Clinic reaches our target community with a focus on informing them about their rights under the Fair Housing Act. In addition, the outreach clinic informs Delawareans about affordable housing, landlord tenant rights, first-time home-buyer programs, and foreclosure prevention options. We inform and educate on matters like:

- what constitutes discrimination
- how to file a complaint
- what happens after a complaint is filed, etc.
- the role of housing counseling
- scams to avoid, etc.

Controversy Clinic helps Delawareans exercise their rights and take advantages of opportunities in the housing market. We serve Delawareans with matters such as:

- Filing complaints under the Fair Housing Act
- Helping at risk homeowners modify their mortgages
- Understanding abusive lending practices
- Recognizing and filing complaints about mortgage fraud
- Assessing impediments to fair housing, affordable housing, and access to representation.

Pro Bono Panel of volunteer experts from legal, accounting, and credit backgrounds help us serve your needs more effectively and efficiently.

The Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings on the basis of race, color, national origin, religion, sex, familial status, and disability.
