DCRAC LAW

We provide legal services to clients for a fee that they can afford. Chances are your first contact will be Jaclyn Quinn, Esq., who began her affiliation with DCRAC as a volunteer 9 years ago!.

From the Desk of Delaware's Taxpayer Advocate: In December 2018, the State of Delaware Department of Unemployment Insurance (DDUI) received notification from the IRS that as a result of a failed file transmission from DDUI to the IRS, an omission of 2016 employer tax information for thousands of Delaware companies would result in collections notifications being mailed out to many of those businesses. The IRS has been working to resolve the matter in as expeditious a manner and as soon as possible, including a determination as to the legitimacy of resulting assessments and the necessity for any corrective (adjustment) action. If you receive unemployment tax assessments for 2016, please know that the Taxpayer Advocate Service (TAS) and Systemic Advocacy (SA) are coordinating efforts with the IRS to address them. You are welcome to contact Anthony Dohring, Esq. 302-690-5000 (cell phone) if you are impacted by this.
